Detailed description of the training content

Block 1: Peacebuilding and UN's Security Council Resolution 2250

Participants will be introduced to conflict theories, peacebuilding and the UN's Security Council Resolution 2250, to better understand the role of youth in peacebuilding processes through advocacy and policy development, in connection with the participation directives of the Resolution 2250. Main topics: conflict dynamics, strategies, types of conflict, ABC triangle, types of violence, peacebuilding, UNs SC R2250 and its 5 dimensions, the focus on "Participation" and "Youth" of the resolution, guidebook presentation.

Block 2: Presentation of the training manual and campaigning guidebook

Trainers will present the peace education training manual and a strategic campaigning guidebook for peace, project context where it was created and process of development. Participants will have a chance to get introduced to the whole project flow, its goals, outcomes and follow-up activities plans.

Block 3-4: Try out a training manual for peace education and a strategic campaigning guidebook for peace

Practitioners will have time and space to have an exhaustive look at the publications and its main concepts. After that group will have the opportunity to select the components of the handbook and guidebook and try out within the training group context, e.g. moderating the workshops about conflict theories, a theory of change, logical framework etc..

Block 5: Follow-up planning

Participants will establish concrete actions and project activities to develop and spread the use of the guidebook. Main topics: objectives, activities and action planning.
